Wood you be-leaf it ?

The tallest tree in the UK is a Douglas fir in Wales. It is 67.5m high. - that's taller than 15 double decker buses piled on top of each other!

The tallest tree in the world is a coast redwood which measured in at 115.5m back in 2006 - it would dwarf Big Ben at only 96m!

Can you catch a sycamore key?

An old poem says:

Sycamore key - come into my hand
A magic key for me to command
Open the little green door to fairyland!

Wise W^oo^dy Words

SOCIETY GROWS GREAT WHEN OLD MEN PLANT TREES WHOSE SHADE THEY KNOW THEY SHALL NEVER SIT IN.

- GREEK PROVERB

Try a tree based tongue twister as you tread the trails!

A skunk sat on a stump
and thunk the stump
stunk, but the stump
thunk the skunk stunk

Wood you be-leaf it ?

Poplars can help us predict the weather!
Due to warm, moist air moving upwards,
a sign of rough weather to come,
the underside of the leaves
of the poplar can be seen.

'If the leaves blow inside out
there's bad weather about'
